

## LAC DE TANAY

**Easy outing.**

**Steep uphill.**

The Lac de Tanay is a beautiful natural lake, let's see if you can figure out where the water from it goes? It nestles languidly on the mountainy border of Switzerland and France. The panoramic views of the valley of the Rhône are spectacular.

Lac de Tanay in Winter

Start & Finish	Le Flon (1032m)
Walking Time:	approx. 5hrs
Highest Altitude:	No-name col at 1740m
Altitude Change:	+/-708m
